COVID 19 UPDATE

March 20, 2020

To Whom it May Concern:

Due to the unprecedented situation we are all facing as a global concern right now, the team at The Homes Canada Group, o/a United Homes Canada and Grandview Modular Homes have decided to make a few further adjustments to how we will operate in the next short while. The safety and well being of our staff and the public are of paramount consideration and we wish to do our part in stopping the spread of this virus.

Until further notice, you may take note of the following adjustments that we will be making:

- We will not be available for public viewings or face interactions within the office. We are currently conducting walk-through videos of each of homes.
- Please look for our Show Home videos on our **United Homes Canada YouTube Channel**, and shortly to be uploaded to our websites. We also invite you to request personal “Virtual” close-ups of the features etc. We are going to make it as simple as possible for the public to continue to learn about what we offer in the safety and comfort of their own homes.
- We will be immediately adjusting office hours to be available by phone or email to 9-5 Monday to Friday. We will now be closed on Saturdays for public viewing but instead encourage you to reach out to our sales staff by email inquiring to info@unitedhomescanada.com.

We hope that this does not inconvenience anyone and we appreciate the patience that our customers will extend in bearing with us during this period.

Sincerely,

Steve Vail

President
